RECOGNITION

i-Sprint's Products and Solutions

i-Sprint's unique brand of security products, intellectual properties, and patents are designed to exceed global financial services regulatory requirements. By incorporating the latest mobility/ biometrics/ cloud/ identification technologies, i-Sprint provides solutions that ensure secured access and protection of data, transactions, and assets. i-Sprint delivers a trusty, versatile, strong authentication and identity management platform to secure multiple application delivery environments based on a common security platform.

i-Sprint's digital identity product offerings include adaptive authentication (biometrics, multifactor authentication, and more), single sign-on services, end-to-end encryption (E2EE) authentication, and data protection for transaction data and to secure access to the web, mobile, and cloud-based applications. i-Sprint's IDoT product offerings provide new-gen anti-counterfeiting, track and trace, and interactive consumer engagement cloud services that help businesses build consumer trust, improve brand protection, personalize consumer engagement, and provide business intelligence.

Our Vision

As a world-class Identity and Access Management Solution Provider, i-Sprint's key thrust is to expand the Circle of Trust among individuals, organizations and societies to power sustainability, productivity and growth.

Our Mission

We excel in Identity and Access Management Solutions to secure access, protect data, and build trust in cyber security.
