

mailpass

One platform to manage your team's SaaS credentials and emails

The screenshot displays the 'Accounts' management interface in mailpass. On the left is a dark green sidebar with navigation options: 'Company.io' (Admin Account), 'Dashboard', 'Accounts' (highlighted), 'Channels', 'Organisation', and 'Devices'. The main content area is titled 'Accounts' and features a filter bar with 'Personal', 'Shared', 'Members', and 'Apps' tabs, and an 'Add account' button with a plus sign. Below the filter bar is the 'My accounts' section, which contains a grid of 12 account cards. Each card includes the service logo, name, and role (e.g., 'Admin's Zoom account'), a settings gear icon, and buttons for 'Channel' and 'Login'. The accounts shown are: Zoom, Slack, Notion, Figma, Hubspot, Asana, Webflow, Expensify, Express VPN, and Dropbox. Some cards have small numbered indicators (1 or 2) in the top-left corner.

Share SaaS
account access
securely with
multiple team
members

The screenshot displays the Company.io Admin Account interface. On the left is a dark green sidebar with the following menu items: Company.io (Admin Account), Dashboard, Accounts (highlighted), Channels, Organisation, and Devices. The main content area is titled 'Accounts' and features four tabs: Personal, Shared (selected), Members, and Apps. Below the tabs, there are three sections: Marketing, Engineering, and a partially visible third section. Each section contains SaaS account cards with 'Channel' and 'Login' buttons. The Marketing section includes Canva, Mailchimp, and Webflow. The Engineering section includes AWS, Gitlab, and Heroku. The third section includes Noun Project. Each card also has a settings gear icon and a small numbered indicator.

Replace vulnerable credentials with randomized aliases and breach-resistant passwords

The diagram illustrates the process of updating account credentials. It features two overlapping cards representing the Webflow account interface. The background card shows the original, vulnerable credentials, while the foreground card shows the updated, randomized credentials. Both cards include the Webflow logo and the text 'Admin's Webflow account' with a settings gear icon.

Original Credentials (Background Card):

- Username: mark@company.com
- Password: markhubspot2024

Updated Credentials (Foreground Card):

- Username: stone-iridescent@mp.company.com *mp*
- Password: 8jtUga8#uE*GT3z3\$Yq7HpFzqT2G *mp*

Combat phishing with centralized SaaS app communications

The screenshot displays a user interface for managing SaaS app communications. On the left is a dark green sidebar with navigation options: Dashboard, Accounts, Channels (highlighted), Organisation, and Devices. The main content area is titled 'Channels' and features a toggle for 'Team' and 'Personal' views. Below this, a list of channels is shown, each with an icon, name, department tags, and a message count:

| Channel | Departments | Messages |
|---------------------|------------------------------------|----------|
| Amazon Web Services | Management, Engineering | 3 |
| Hubspot | Management, Marketing | 13 |
| Canva | Marketing | 3 |
| Mailchimp | Marketing | 7 |
| Notion | Management, Marketing, Engineering | 10 |
| Jira | | |

The right-hand pane shows a detailed view of 'Amazon Web Services' messages. It includes a 'Your one-time verification code' (received 2 days ago), a 'Welcome to Amazon Web Services' message (received 24 days ago), and a 'Please Verify Your Account' message (received 24 days ago).

Employee device
management,
no install required

The screenshot displays the Company.io admin interface. On the left is a dark green sidebar with a menu: 'Company.io Admin Account' (with a dropdown arrow), 'Dashboard', 'Accounts', 'Channels', 'Organisation' (highlighted), and 'Devices'. At the bottom of the sidebar is the 'mp' logo. The main content area is titled 'Organisation' and features a profile for 'Edward Liu' (initials 'E'). Below the profile, it lists: 'Date added: Aug 2, 2024', 'Last online: Aug 10, 2024', and 'Position: CTO'. Under 'Teams:', there are buttons for 'Management' and 'Engineering', followed by '+ Add to new team'. The 'Devices:' section shows three device cards. The first is a 'Desktop' (Mac) added on 02/08/24, with 'Mac (10.15)' and 'Chrome (118.9)' listed below. The second is a 'Phone' (iOS 17) added on 02/08/24, with 'PAUSED' in large letters, 'Phone (iOS 17)', and 'Chrome (118.9)' listed below. The third is an 'iPad' (iOS 17) added on 03/08/24, with 'Mac (iOS 17)' and 'Chrome (118.9)' listed below. Each card includes a play/pause icon and a trash icon.

mailpass

The 3-in-1 security platform,
built for teams.
