About SRS

Security & Risk Solutions (SRS) was founded in Singapore by CEO Amos Kng and Deputy CEO Paul Rachmadi in 2006 with the initial mission of providing protective security services to clients in Singapore.

Over the years, with the changes in security climate and clients' expectations, SRS expanded and grew into areas beyond Singapore and physical security.

In 2014, in order to support our clients on a global platform, we took a strategic move to join forces with our United Kingdom counterpart, Arslan Security.

With this collaboration, we have transformed ourselves into an internationally-known firm of professionals that can support our clients in most parts of the world.

SRS currently has presence in Singapore, United Kingdom, Australia, Brazil, Brunei, Cambodia, Columbia, China, Ghana, Hong Kong, India, Indonesia, Japan, Malaysia, Myanmar, Nigeria, Philippines, Russia, South Korea, Taiwan, Thailand, and Vietnam and we continue expanding to meet the business requirements of our clients.
