Took multiple courses at bridgingminds. One of the best place to take certifications. The staff are friendly and very accommodating. Would recommend to those interested in taking up various certifications.

BridgingMinds offer variety of courses from Project Management to IT Service Management and also Cybersecurity related certifications. Attended a few of cybersecurity security courses with them. All the trainers provided are very experienced and full of knowledge. Will definitely have other courses with them in the future and also recommend to all my friends and colleagues!

Will highly recommend Bridgingminds Network Pte Ltd to anyone who is looking for IT and Cybersecurity training. BMN's group of trainers are all highly qualified, able to impart practical knowledge and provide valuable advice to the students.

With help from BMN, I completed foundational modules like Comptia A+ and Linux+ to managment modules like CISSP and CISM, and passing 5 certifications all in 4 months.

I am confident to take on my new Cybersecurity role with the training provided by BMN. A big thank you to staffs and trainers in BMN!
