

PSG Pre-Approved Packages for Cybersecurity Grant

Free Data Security for Microsoft Copilot**

Protects SME against Cyber Threat with Microsoft Cybersecurity Solutions

SMEs are eligible for up to 50% Productivity Solutions Grant (PSG) support for the adoption of Microsoft 365 CyberSecurity Package, a Pre-Approved Solution under the IMDA SMEs Go Digital programme.

As SMEs accelerate on Digital Transformation process, cybersecurity remains a challenge. Business risks arising from cyber incidents are wide-ranging and can impact the business itself. It is therefore critical for SMEs to invest in cybersecurity to ensure that their assets and systems are protected from malicious cyber activities.

Being a PSG pre-approved solution provider and Microsoft Gold Partner, we are pleased to provide you with Microsoft Solution for Cybersecurity including Microsoft Defender for Business, Intune and enjoy up to 50% subsidy on the qualifying cost.

Special add on promo for CSG Customer:

\$10/user/month for Microsoft Business Premium*

These are the components included in the pre-approved packages:

- 1 Microsoft Defender for Office 365
- 2 Microsoft Defender for Business
- 3 Microsoft Intune
- 4 Axiom Services

Bundled Services
