PROTECT YOUR ENDPOINTS

✅ **< 1% false positive rate**

Trust alerts that matter — not noise — with precision detection under 1% false positives

✅ **Human Threat Hunters**

Expert analysts hunt stealthy threats around the clock, outsmarting even advanced attackers.

✅ **< 10 mins Threat-Response**

Threats don't wait—and neither should you. Get expert intervention in under 10 minutes.

✅ **Automated Remediation**

Contain threats instantly and rewind systems to safety — all without lifting a finger.

✅ **Behavior-Based Detection**

Stop attackers in their tracks by spotting suspicious behavior before damage is done.

✅ **Incident Reports**

Cut through jargon with clear, actionable reports that tell you exactly what to do next.
